

## AN ODE TO CORONAVIRUS

'Smiling is infectious  
You can catch it like flue  
When someone smiled at me today  
I started smiling too!

I walked around the corner  
And someone saw me grin  
When he smiled I realised  
I had passed it on to him

I thought about the smile  
And then realised its worth  
A single smile like mine  
Could travel round the earth

So if you feel a smile begin  
Don't leave it undetected  
Start an epidemic  
And get the world infected!
